Love a motion, a moment,
Strikes the movement in life,
Emotions form in love,
Elemental passions make way,
Spring to light,
And heavenly delight.
A shivering current passes
Through the heart,
Shine, sparkle of love
Eyes gleam,
Gleamy eyes and glorious face.
Glory passes through the face.
Glory of love,
Glorious love.
In the glory of heart,
Heart's vastness and expanse.
Beat, heart beats could be heard
Diligently and loudly,
Heart beats passionately,
And the passionate intensity
Of heart beat encompasses love
