

Glory To Maa Kali

Dr. Sushil Kumar Mishra

Associate Professor & Former Head, Department of English, SRM University, Sonapat, (Haryana), India

I remember the day
When my life turned a new way.

I put my head at the feet of *Maa Kali*
I got up, looked at her and my heart was filled with pleasure, like filled thali.

My joy knew no bound,
Such pleasure I had never found.

That was the glorious moment,
Which I never found in previous movement.

I felt, I saw my Mother after long separation,
Her blessings gave me great consolation.

Now I realise, the mother and son relation
Is difficult to mention,
Has been continuing not for this birth
But for many previous births.

Maa gives me shelter at her feet,
And gives me opportunity to bow down my head at her feet.

Creates resources for my livelihood,
Protects me from all dangers since childhood.

Guides me to do positive,
Think positive and be positive.

Maa inspires me to serve and love all creatures equally,
Without treating unequally.

Encourages me to follow the path of benevolence,
Without malevolence.

Maa motivates me to help ever
And hurt never,
To be respectful to seniors
And affable and friendly to juniors.

Maa annihilates my negative thinking,
keeps me away from anger, lust and greed linking.

How can I pay Maa back again
The maternal love, the paternal care
And the guru's guidance she gives to me time and again?

Oh Maa! you are great.
But greater is your name, grace and blessings.
