## Anger

Dr Sushil Kumar Mishra

O Anger! Anger! An intense emotional & heated displeasure.  
Which one has to repent at leisure.

Symbol of destruction and damage  
Which is difficult to manage.

Thou art root of all evils  
And make one behave like devils.

Lead towards negativity  
Never towards positivity.

Never differentiate between right and wrong  
Mislead one towards wrong.

Thou cause all kinds of sin  
And make wisdom nil.

Misguide one to go against religion  
And without moral vision.

Thou art mother of infatuation  
And direct towards confusion.

Confusion ends in loss of reason  
And leads towards complete devastation and deviation.

One should practise meditation to control the anger  
To save oneself from ruin and danger.
