

**Be Fearless**

**Dr Sushil Kumar Mishra**

*Associate Professor & Former- Head, Department of English, SRM University, Sonapat, (Haryana) India*

Fear! Fear! The great cause of misery  
And the great cause of tragedy.

Fear! Fear! The greatest of all superstitions  
And all illusions.

Fear! Fear! The real cause of woes  
And makes unwanted foes.

Fear! Fear! One of the six demerits and faults of human beings  
Which leads towards decay to all beings.

Let the people of the world be fearless  
And bring heaven on this earth with cheerfulness.

Let their head be held high  
Without shy.

And let their mind be led forward into ever widening thought and action  
Not into narrow thinking and inaction.

Let them arise, awake and realise their strength  
And stop not till their mission is reached at length.
