

## **GOOD HOURS**

*Dr. Sushil Kumar Mishra*

*Associate Professor & Former Head, Department of English, SRM University, Sonapat, Haryana*

Good hours are those hours  
Realising one's powers  
And trusting spiritual power  
To reach the height of tower.

Associating one's soul  
To super soul.

Attaching oneself to nature  
And super nature.

Loving all things great and small  
The dear God made them all.

Good hours are those hours  
When love showers.

When one serves others.  
Without expecting return from others

Good hours are hours  
Doing positive use of powers.

Utilising passing hour  
Facing all challenges sweet or sour.

Hoping for the best  
Preparing for the worst.

Doing one's best  
Leaving the rest to God.

Acting ever  
Reacting never.

Helping ever  
Hurting never.
