

Beg for Her Happiness

Once we were fixed as day and night
Really, began loving in only sight
I thought, all this for love is right,
But uncontrolled strong feelings now dried
I know, innocently for me you also cried
But shapat, for you many times I died,
My love was true and only for you
I will not forget you and you too
Essence of my life is only with you,
Now I know I'm far from your mind
Make her life joyous, god you are kind
I, who cares, though no joy behind,
Once again, meet me where can come none
Only you and me in the heaven
Promise me we'll meet in the heaven.
