

Husband and Wife

The company of husband and wife

Is for whole life.

Decided according to previous birth

Not in this birth.

Wife is not for Youngman's mistress

But for all distress.

In the old time wife served as nurse

But these days she needs purse.

Wife needs money

Husband needs funny.

Wife is for inspiration

Husband is for perspiration.

Wife feels more

Husband thinks more.

If they realise each other with mutual understanding

They never suffer from misunderstanding.

If both of them share their problems peacefully.

They live blissfully.
